To

Respected Sir,

I have the honour to enclose herewith, the whole file of Election results with nomination application and the required Statements thereon In doing so, I like to take this opportunity of expressing my views with regard to nominations, being a local man who might be credited to know the local conditions

(1) one Harijan is to be nominated Mr Savokaiah the sitting nominated member is to be nominated again, since he is the only Educated Canarese of the place One Smt Kempamma has also applied She is the wife of a teacher in the primary school there She other husband belong to this ~~place~~ town however to the Taluk The will have no interest in the town and she has to leave the place with her husband's transfer

(2) Muslims form one eight of the population, their population being 807 One member is already elected and of another is to be nominated on the principle of distribution of Seats on population bases Mr Sheik mahamadh son of Mahamad-Hayathsaheb, the sitting nominated member is to be nominated because of his influence and steadfast loyalty

(3) If a Muslim is nominated, a Lingayeth is also to be nominated because it is a very effective and powerful minority in the town

The whole community in the town is standing to gain. I therefore suggest the name of Mr K Sam...rashi vrah Son of Doddamane pettamma, who is an influential man of the community with very good experience of municipal affairs being twice vice President

(4) Next in importance comes a woman represented in the Council which represents half the population in the town Smt Rachamma, w/o Gurukar pettamah who comes from a highly respectable family might be nominated

(5) Uppinagigas are 792 in population none of them are represented in the council I suggest Mr Goode Narayana Setty S/o Venkata setty would be the best selection in view of his status and influence

(6) The population of Kumbhara setty community is about 900 Only one Councillor is elected on Congress ticket Another is to be nominated in my opinion I suggest one Mr Basaviah S/o Sreenivasaiah He is influential and sufficiently well-to-do

(7) None of the Ganiga or Gyotipana Community people are represented in the Council There are frequent interpellations in L C with regard to this community's representation in local bodies I therefore suggest one Mr K Venkatagiri setty S/o Venkatagiriah alias Kunchi

3) Kumbara community is also not represented in the Council so far Their population is 1140 in the town. I suggest the name of Mr. Basappa S/o. Venkatasetty. Since he is working in Govt pottery factory he might also represent the interest of 900 labourers who almost live in

The strength of the council ought to 21 in number Our municipality having

having got the right of having an elected non-official president, the Ameelder will not sit in the Council Hence the number is reduced to 20 The Act provides that the number in the town municipal council should be 21 Therefore, there ought to be four non-official nominations to the council (fifteen elected, two ex officio ~~Doctor~~ and overseer, and four non official nominations)

In conclusion, I request you, Sir, to move the govt with regard the nomination of four nonofficials and that in the order I have suggested above or in the manner in which you and government wish to select out of the eight members I have suggested one Hindu, one muslim and one Buddhist and one Christian may kindly be recommended

Respected Sir,

I the undersigned beg to submit the following facts for your kind perusal and favourable orders -

I belong to Gangadi Community, which is a pretty big minor community in the town with a population of about 1500 our community has no representative in the municipal council either to represent the various petitions pertaining, which requires a good lot of improvement or retrenchment or relaxing more to be added to it or, though old rules, is not adapted to modern conditions. I have only got myself to improve this community and my duties to the likes by hope is that this object will be fulfilled, although, to some extent by securing a seat in the municipal council

I therefore request you to view my case sympathetically and do incline to the local municipal council

Respected Sir,

I am a member of the Oniga community This poor community has not the privilege of sending its representative to the town municipal council for the simple reason that its population is distributed among the various divisions though the total strength is nearly 240 Evereince this municipality came into existence we have not been able to send our representative to the municipal council either election or through nomination

I am a native of this town dealing in fruits and also cycles I have gained the confidence of the people by my zeal to help my poor neglected community Therefore I request you kindly to take me as a municipal councillor by nomination

Respected Sir,

I beg to place the following few lines for your kind perusal and favourable orders

I am of Ganiga community The total strength of our community in the town is roughly 240 In spite of its large strength it has not been possible for this poor community ~~from~~ to send a representative to the local municipal council though it has not been leaving no stone unturned from the very inception of the municipal council Our attempts to get a seat through election has been proved impossible and our trials to get nomination has ~~as~~ not been successful

I have a great mind to serve our people by being on the municipal council Our community comes under the classes which have taken to cottage industries from time immemorial

With these few facts I beg to request you kindly to recognise our poor community by kindly giving me a nomination to the council

I beg to make this application for nomination to the mx local municipal council to be constituted and place before you the following facts for your sympathetic and favourable consideration.-

I come of Devanga community, which is by profession a class of weavers Ours is a minor community and is not xii at all represented on the municipal council It is not possible to secure a seat for my community in election since the members of our community are distributed in various municipal divisions xf in the town

Under these circumstances I request you kindly to nominate me to the council which is to be constituted now

Respected Sir,

In requesting you to be kind enough to nominate me to the Town Municipal Council to be constituted, I beg to place before you the following few facts for your sympathetic consideration -

I belong to Viswakarma community, which has a population of about 12% in the town. You are aware, Sir, that for every minority community like ours, it is not possible to get into the council in open contest with other major communities. This has been the fate of minor communities all over. Hitherto all the nominations, as a matter of course, went to some of the influential communities to the neglect of their minor communities so much so it has not been possible for men of minority communities to have an opportunity to get experience in the local self-government by serving on the local self-government institutions like, municipal council etc.

With these facts I appeal to you once more to be kind enough to nominate me to the council, which is in the offing

Respected Sir,

I beg to place the following few lines for your sympathetic consideration on favourable orders -

I belong to the Muslim Community, which, in this place, is in minority For some years past, I have rendered some service to all communities in general and to our community in particular in the capacity of a School Board Member, Member of the Taluk Board Council and the Town Municipal Council I have been doing some work in the field of education, being on the Governing Council of the Rural Education Society, which has been responsible for the running of a Rural High School and some other institutions of the kind

I have got the same zeal and enthusiasm to serve the public to the best of my ability As our community is in a minority, it cannot send its representatives proportionate to its population in the town to the municipal council through election So our community has to depend upon nominations by our benign Government

With these few lines, I beg that you may be pleased to take me to the municipal council through nomination

We, the members of Visvakarma community, Kankanhalli town beg to submit the following few lines for your kind perusal and favourable orders -

We are one of the major communities among the minor communities with a population of about one hundred and seventy We are the most neglected community in the town in matters municipal/ ~~xxxxxxxxxx~~ the reason being that we are not at all represented on the municipal council Though our population is pretty big, the chances of securing a seat through election are nil, for our population is distributed among the various blocks in the ~~xxxxxx~~ town Our attempts at securing a seat in the council through nomination have, so far, not been successful Many of the communities, who have secured one or two seats through election and which are generally major communities have been given seats through nomination also and that often continuously/

In view of these points, we request the Govern ert that they may be pleased to nominate Mr Hemachari, son of Sunnachari as our representative as he is fit and respectable to represent this poor community in the municipal council.

We the undersigned members of the Ganigara community of Kankanhalli town, beg to place the following few lines for your kind perusal and favourable orders -

Our population in the town is about two hundred and forty This population is as near to the population of some other major communities of the town But this population is distributed among various divisions Therefore it has impossible to secure a seat on the municipal council through any one block So, our persistent effort for a number of years to send a member of our community to the municipal council now is becoming fruitless Ofte our candidate has forfeited his deposit/ for obtaining the votes lesser than the minimum fixed

Though we have been approaching the Government for nomination for many years past, we have not been able to get one

We therefore humbly beg to favour this poor neglected community with a nomination Among our community Mr Pantha Setty and Mr Thimmappa are the two welleducated and wellinformed persons, whom,we are sure,can effectively represent our community in the municipal council So, we most humbly beg that the Government may be pleased to nominate one of these two gentlemen

Our community lives purely by commerce Among the municipal tax payers, perhaps, our community stands fourth or fifth during the lifetime of the municipal council, no one of our members has secured a seat in the council either through election or nomination It it has been in practice to nominate persons from the community which is represented through election It has again been the practice to nominate persons from the same community continuously Such a practice, we beg to submit, leaves no chance for any other minor communities

We, therefore, most humbly request you kindly to nominate Sri Venkatachalapathi, son of Venkatappa, who is sufficiently educated, respectable and able to safeguard and effectively represent our community on the municipal council

We the undersigned members of the Kumbara community beg to place the following facts for your kind perusal and favourable orders -

We are one of the minor communities with a population of about 130 in the municipal area. Ever since the municipal council came into existence, we have not been able to secure a seat in the municipal council either through election or through nomination. Other communities, which are smaller in population than that of ours have been securing nominations continuously. To our surprise, some of the major communities, which have their representatives on the council have also been given nominations often continuously.

Respected Sir,

We the undersigned members of the Christian community of Yankarhalli town, beg to place the following petition for your kind perusal and favourable orders -

Our population in the town is about two hundred and forty. This population is as near to the population of some other major communities of the town. But this population is distributed among various divisions. Therefore it has impossible to secure a seat on the municipal council through any one block. So, our persistent effort for a number of years to send a member of our community to the municipal council has in securing fruitless. After our candidate has forfeited his deposit for obtaining less votes lesser than the minimum fixed.

Though we have been approaching the Government for nomination for many years past, we have not been able to get one.

We therefore humbly beg to favour this poor neglected community with a nomination. Among our community Mr. Kantha Setty and Mr. Thimmappa are the two well educated and well informed persons, whom, we are sure, can effectively represent our community in the municipal council. So, we most humbly beg that the Government may be pleased to nominate one of these two gentlemen.

In requesting you to be kind enough to nominate me to the Town Municipal Council to be constituted, I beg to place before you the following few facts for your sympathetic consideration -

I belong to Viswakarma community, which has a population of about 125 in the town You are aware, Sir, that for any minority community like ours, it is not possible to get into the council in open contest with other major communities This has been the fate of minor communities all over Hithertoxx all the nominations, as a matter ofcourse, went to some of the influential communities to the neglect of other minor communities So much so it has not been possible for men of minority communities to have an opportunity to get experience in the local self-goernment by serving on the local self-government institutions like, municipal council etc

With these facts I appeal to you once more to be kind enough to nominate me to the council, which is in the offing

We are one of the major communities next the minor communities with a population of one hundred and seventy We are the most neglected community in the town in matters municipal/ ~~the reason~~ being that we are not at all represented on the municipal council Though our population is pretty big, the chances of securing a seat through election are nil, for our population is distributed among the various blocks in the ~~maximum~~ town Our attempts at securing a seat in the council through nomination have, so far, not been successful many of the communities, who have secured one or two seats through election and which are generally major communities have been given seats through nomination also and that often continuously

In view of these points, we request the Government that they may be pleased to nominate Sri Devachari, son of Annachari as our representative as he is a fit person respectable to represent this poor community in the municipal council

I beg to place the following few lines for your sympathetic consideration an favourable orders -

I belong to the Muslim community, which, in this place, is in minority For some years past, I have rendered some service to all communities in general and to our community in particular in the capacity of a School Board Member, Member of the taluk Food Council and the town municipal council I have been doing some work in the field of education, being on the Governing council of the Rural Education Society, which has been responsible for the running of a Rural High School and some other institutions of the kind

I have got the same zeal and enthusiasm to serve the public to the best of my ability As our community is in a minority, it cannot send its representatives proportionate to its population in the town to the municipal council through election So our community has to depend upon nominations by our benign Government

With these few lines, I beg that you may be pleased to take me to the municipal council through nomination

Sir,

I, the under-signed applicant, a native of Kan Kan Halli Town, should like to bring the following to your perusal, in regard to the nominations for the local Municipal Council that is to be constituted afresh about two months hence As for my educational qualification, I am a part-graduate and have taken again the B A Degree examination, held in March 1947, for one part, to complete the course belong to the Bhavasara Kshatriya community, which, at Present, has no educated representative for the Municipal Council Even when taken the Municipal Council, as a whole, there are very few educated members, save two graduates

It is a matter of fact that our town is growing rapidly, day by day, with an increase in its varied functions, for which it is obvious that there should be enthusiastic and educated Municipal Councillors with a spirit of Service and Selflessness I want to do my best in improving the town, in respects of sanitation, Housing, Drainage Public Reading-room and Public Library, which at Present, are at their worst Owing to the Prevalence of unchecked black-marketing and a high degree of corruption, the Poor wage-earners, factory labourers

and the middle class people, who for the last one year are undergoing many hardships to get the minimum required food and cloth from the Ration Shops and licensed cloth dealers respectively are at their wits' end, I am determined to eradicate the untold sufferings of the helpless poor, by enabling them to get their due rations and cloth as specified in the ration cards, by starting a Co-operative Sales Society (for issuing rations and cloth) and by being in touch with the higher authorities

With this one and only purpose of serving my fellow-beings by contributing my mite, I am settling in the place I should like to say that I am a man of high standing in the eyes of the Public for the education I have received and for my integrity of character and social service

In the light of these facts, I request that you may be pleased to give me a chance to serve my townsfolk by kindly nominating me for the Municipal Council that is to be constituted afresh

Respected Sir,

We the undersigned members of the kumbara community beg to place the following facts for your kind perusal and favourable orders -

We are one of the minor communities with a population of about 130 in the municipal area Eversince the municipal council came into existence, we have not been able to secure a seat in the municipal council either through election or through nomination Other communities , which are smaller in population than that of ours have been securing nominations continuously To our surprise, some of the major communities, which have their representatives on the council have also been given nominations often continuously

With these few facts, we pray that you may be pleased to nominate Kanchiah, a man of our community, who is able enough to represent our community in the municipal council

We beg to remain,

Respected Sir,

Your most obedient servants

Kankanhalli,

Respected Sir,

We the members of the telugu banajiga community, Kankanhalli, beg to place the following few lines for your kind consideration and favourable orders -

We form one of the minor communities in the town Our population in the town is about 140 For the past several years, we have not been able to send our representative to the town municipal council

Our community lives purely by commerce Among the municipal tax payers, perhaps, our community stands fourth or fifth

During the lifetime of the municipal council, no one of our members has secured a seat in the council either through election or romination But it has been in practice to nominate persons from the community which is represented through election It has again been the practice to nominate persons from the same community continuously Such a practice, we beg to submit, leaves no chance for any other minor communities

We therefore most humbly request you kindly to nominate Mr Venkatachaliah, son of Venkatappa, who is sufficiently educated, respectable and able to safeguard and effectively represent our community on the municipal council

Respected Sir,

We, the members of Visvakarma community , Kankenha town beg to submit the following few lines for your kind perusal and favourable orders -

We are one of the major communities among the minor communities with a population of about one hundred and seventy We are the most neglected community in the town in matters municipal/ ~~the~~ the reason being that we are not at all represented on the municipal council Though our population is pretty big, the chances of securing a seat through election are nil, for our population is distributed among the various blocks in the ~~town~~ town Our attempts at securing a seat in the council through nomination have, so far, not been success ful Many of the communities, who have secured one or two seats through election and which are generally major communities have been given seats through nomination also and that often continuously

In view of these points, we request the Government that they may be pleased to nominate Mr Kempachari, son of Kunnachari as our represen+ative as he is able and respectable to represent this poor community in the municipal council

Respected Sir,

we the undersigned members of the ganigara community of Kankanhalli town, beg to place the following few lines for your kind perusal and favourable orders -

Our population in the town is about two hundred and forty This population is as near to the population of some other major communities of the town But this population is distributed among various divisions Therefore it has impossible to secure a seat on the municipal council through any one block So, our persistent effort for a number of years to send a member of our community to the municipal council is becoming fruitless Often our candidate has forfeited his deposit/ for obtaining votes lesser than the minimum fixed

Though we have been approaching the Government for nomination for many years past, we have not been able to get one

We therefore humbly beg to favour this poor neglected community with a nomination Among our community Mr Kantha Setty and Mr Thimmappa are the two welleducated and welinformed persons, whom,we are sure,can effectively represent our community in the municipal council So, we most humbly beg that the Government may be pleased to nominate one of these two gentlemen

In requesting you to be kind enough to nominate me to the Town Municipal Council to be constituted, I beg to place before you the following few facts for your sympathetic consideration

I belong to Visvakarma community, which has a population of about 125 in the town You are aware, Sir, that for any minority community like ours, it is not possible to get into the council in open contest with other major communities This has been the fate of minor communities all over Hitherto all the nominations, as a matter ofcourse, went to some of the influential communities to the neglect of other minor communities So much so it has not been possible for men of minority communities to have an opportunity to get experience in the local self-goernment by serving on the local self-government institutions like, municipal council etc

With these facts I appeal to you once more to be kind enough to nominate me to the council, which is in the offing

I belong to the Muslim community, which, in this place, is in minority For some years past, I have rendered some service to all communities in general and to our community in particular in the capacity of a School Board Member, Member of the taluk Food Council and the town municipal council I have been doing some work in the field of education, being on the Governing council of the Rural Education Society, whic has been responsible for the runnin_ of a Rural High School and some other institutions of the kind

I have got the same zeal and enthusiasm to serve the public to the best of my ability As our community is in a minority, it cannot send its representatives proportionate to its population in the town to the municipal council through election So our community has to depend upon nominations by our benign Government

With th[redacted] few lines, I beg that you may be pleased to take me to the municipal council through nomination

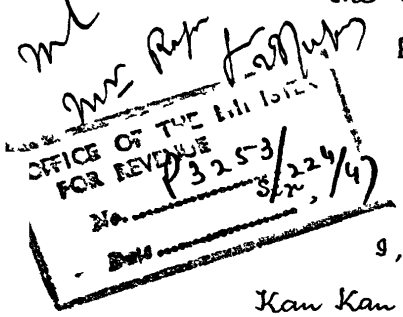
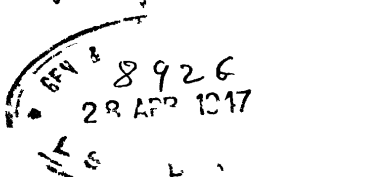
For Local Self-Government in Mysore State,
Bangalore





I, the under-signed applicant, a native of Kan Kan halli Town, should like to bring the following to your perusal in regard to the nomenations for the local Municipal Council that is to be constituted afresh about two months hence As for my educational qualification, I am a part-graduate and have taken again the B A degree examenation, held in March 1947, for one part, to complete the course I belong to the Bhava-sara Kshatriya Community, which, at Present, has no educated representative for the Municipal council Even when taken the Municipal Council as a whole, there are very few educated members, Save two graduates

It is, a matter of fact that our town is growing rapidly, day by day, with an increase in its varied functions, for which it is obvious that there should be enthusiastic and educated Municipal Councillors with a spirit of service I want to do my best in improving the town, in respects of sanetation and health, Housing, Drainage, Municipal Roads, [redacted] care and lighting of
